Whitehall Free-Standing Bedside Patient Care Unit (PCU) (formerly referred to as Swivette)

Includes Models 4010, 4012, 4015

Cabinet interior surfaces are stainless steel. Interior

has a removable stainless steel Floor to conceal

selection.

selection.

the toilet.

IV structures.

Frame Anchors. Specify Cabinet material and color

Counter has a 3" Backsplash and a bullnose front

Lavatory is always located on the opposite side of

Toilet is stainless steel, siphon jet type with white plastic Seat and self-sustaining Check Hinge. Door

Cabinet door is opened. The Toilet is locked in place when open and must be unlatched to close.

Hydraulic Flush Valve is furnished standard with a

PSI with a minimum water consumption of 1.28 GPF.

Swivel Assembly is cast iron with a sanitary white

powder coat finish, and has a positive watertight,

chemical-resistant Seal. Swivel assembly requires

floor anchoring (hardware provided). Toilets will

withstand a 2,500 pound static vertical load.

Floor Anchors are seismic rated for CBC category

Metal Template is provided for ease of installation.

1-3/4" diameter, hydraulically actuated, remote

Pushbutton. Minimum required flow pressure is 25

Linkage swivels the Toilet into the room when

edge. Specify Countertop material and color

Optional Bedpan Washer mounts in lieu of the storage compartment and includes a handheld Bedpan Washer with volume control, positive shutoff and stainless steel Hose. **An elevated pressure type Vacuum Breaker by others is recommended with this selection to prevent backflow or back-siphonage from occurring and possibly contaminating the water supply. Consult local codes for backflow prevention device requirements.**
