

# 10 TEN REASONS TO USE WHITEHALL MANUFACTURING WHITEHALL ADVANTAGE

## History in Industry

With 70 years in the business, Whitehall Manufacturing remains a leader in healthcare plumbing fixtures and continues to innovate to better serve specifiers, contractors and end users.

## Quality Craftsmanship

Whitehall Manufacturing is committed to maintaining the highest standards of quality in workmanship and product quality while constantly keeping focus on our top priorities: efficiency and customer satisfaction.

## Design Consultations & Support

The Whitehall Advantage services include design consultation and support with the engineering team at Whitehall who will provide custom detailed drawings and wiring diagrams specific to the job site needs for all systems and components provided by Whitehall.

## Preconstruction Jobsite Support

Whitehall Manufacturing provides pre-construction on site job walks to assist in confirming any custom measurements that may be needed and answers any questions that may arise prior to ordering.

## Factory Training & Mock Up Fixtures

The Whitehall Advantage instills a pre-construction factory visit to view and approve mock up models prior to production and receive installation training if needed. At that time, the team will also look for additional labor saving features to help during the installation process.

## Logistical Support

Whitehall Manufacturing's logistical support includes storage, staging and shipping out of our east coast and west coast warehouses.

## Dedicated Customer Service

At Whitehall Manufacturing the clear Whitehall Advantage is our dedicated and friendly Customer Service professionals that are knowledgeable in our products and can answer your questions to help you in any way possible. Whitehall commits to meeting the needs of our customers the first time, every time.

## Final Inspection/Start Up

The Whitehall Advantage provides inspection/start up and commissioning if required. On large jobs final inspection/start up is provided in stages as buildings are brought online.

## Onsite Facilities Training

Whitehall Manufacturing provides onsite facilities training for maintenance staff to ensure comfortability with the product.

## Warranty

Whitehall Manufacturing offers a 1 year limited warranty in compliance with our standard warranty coverage, and can offer extended warranties if required. Warranty period will begin upon completion of jobsite startup and commissioning.
