Whitehall Ligature Resistant Faucet with pushbuttons and Valve

Model WH3373 & WH3374

**U.S. DESIGN PATENTED**

Fixture May Show Some Available Options

Ligature Resistant Faucet

The Ligature Resistant Faucet is designed and developed to retrofit existing lavatories or it can be specified for new design. The Ligature Resistant Faucet is arranged to be mounted to the deck of the lavatory. Faucet assembly requires (3) 1-5/16” to 1-1/2” diameter holes on 4” or optional 8” centerset. Conical faucet is chrome plated brass and provides vandal and suicide resistance.

Valve is an Air-Control pneumatically operated, pushbutton valve using atmospheric air. Hemispherical pushbuttons are vandal-resistant and require less than 5 pounds of force to activate valve. Valve is metering with non-hold open feature. Metering valve timing range is 0-60 seconds. Valve includes a 0.7 GPM flow control and can be remotely located up to 10 feet from the operating pushbutton.

Optional -MXTP Mixing Valve option delivers tempered water flow by compensating for pressure and temperature fluctuations. Valve is to be field set to 105 Fahrenheit and includes strainers and integral checks. Operating range is 30 to 100 psi.

Fixture is ADA Compliant. Unit conforms with ADA requirements for accessibility when installed correctly. Compliance is subject to the interpretation and requirements of the local code authority.

GUIDE SPECIFICATION

Provide and install Ligature Resistant Faucet assembly (specify model number and options). Faucet escutcheon shall be fabricated from 14 gage type 304 stainless steel and shall have a satin finish. Faucet valve shall be Air-Control, metering, non-hold open type. Assembly shall include 0.7 GPM flow control, hot and cold hemispherical pushbuttons, pushbutton sleeve and faucet connections.

MODEL NUMBER AND OPTIONS SELECTION:

BASE MODEL NUMBER
- WH3373 Ligature Resistant Faucet with Air-Control Valve Assembly, Single Temp with 4” Centerset
- WH3374 Ligature Resistant Faucet with Air-Control Valve Assembly, Hot & Cold with 4” Centerset
- WH3373-8IN Ligature Resistant Faucet with Air-Control Valve Assembly, Single Temp with 8” Centerset
- WH3374-8IN Ligature Resistant Faucet with Air-Control Valve Assembly, Hot & Cold with 8” Centerset

OPTIONS:
- WHST70-12 ASSE 1070 Compliant Hot & Cold, Temperature / Pressure Balancing Mixing Valve

NOTES:
1. Conical Ligature Resistant Faucet
2. Ligature Resistant Pushbuttons
3. Air-Control Valve Assembly
4. Checkstop/Strainer Assembly
5. 1/2” NPS Inlet Flex Hose

DISCLAIMER:
This product is designed to decrease the probability that it may be utilized as an apparatus for ligature. It is not a replacement for professionals who are trained in the proper evaluation, management and supervision of persons at risk of suicide.
