8198

Fixture May Show Some Available Options

Whitehall Recessed Laser Supply and Waste Box is 18 gage, type 304 stainless steel with a glass blast finish interior. Exterior of box includes mounting clips for anchoring box to the wall construction. Wall flange is 16 gage, type 304 stainless steel and includes locking door with cylinder lock. Exterior surfaces are polished to a satin finish.

Door is provided with piano hinge Cam Cylinder Lock with two keys.

Valve and Stop body is cast bronze with exposed parts chrome plated. Valve and stop feature tamper resistant lockshield bonnets and replaceable cartridges containing all wearing parts. The valve body casting is gasketed where it joins the box and is securely anchored. Valve includes atmospheric vacuum breaker and 3/4" NPT male and female quick disconnect fitting. Screwdriver stop allows servicing the control valve without shutting down the water supply. Supply inlet is 3/4" NPT female.

Waste Connection includes a 3/4" NPT male and female quick disconnect fitting.

Waste Fitting is cast bronze with rough chrome finish and is securely bolted to the box. It will slip 2" SPS and is furnished with Permaseal for waterproofing.
